Hunter Hodges signs with Huntingdon College to play baseball

Hunter Nolan Hodges, the son of Tracey and Jennifer Hodges of Donalsonville, will soon embark on a new journey. Hunter, a 2020 graduate of Seminole County High School has loved baseball since a young boy. Hunter was disappointed and sad that his last year of playing for the team that he loves the most, the Seminole County Indians, was cut short due to COVID 19. However, Hunter, with the help of Juan Hopkins and Chris Johnson,

used his time off to make videos, continue to practice and reach out to coaches.

Hunter was originally contacted by Huntingdon about playing basketball, and because of that interest he was able to share his love for baseball. One blessing lead to another, videos were made and meetings took place, and Hunter was issued an invitation and gratefully accepted the school's offer to attend and to play baseball. Hunter made it

official May 29 at an official baseball signing surrounded by coaches, family and friends.

Hunter chose Huntingdon College, a NCAA Division III school, because they encouraged him to pursue his interests and passions beyond the classroom and field of play. Huntingdon Institute provides an environment that encourages student athletes to develop into well-rounded adults. Hunter's move in date is August 6, and he looks forward

to beginning his college academic and baseball season surrounded by a tradition of faith, wisdom and service!

Hunter would like to say thank you to local scholarships, administrators, counselors, coaches, teachers, brothers, friends, family, his parents and God! "Without all of these people helping me along the way my opportunity at Huntingdon would not be possible," commented Hodges.
