Best memory/event with HFD: Firefighter Trudo said he remembers they answered a nasty call during a winter ice storm. Once they were finished on the scene, the lieutenant at the time had accidentally locked his keys in his truck. They "jimmied" the back window open. Being just thin enough, Trudo crawled through the window but got stuck at his belt. The lieutenant helped get Trudo's belt off and he started laughing at the sight of the two of them.
