

# MHS graduates 151 seniors

By Victor Parkins

On a perfect night for an outdoor graduation service in Milan's new Johnnie Hale Stadium, 151 Bulldog seniors received diplomas.

Class President Kate Allen Johnson welcomed a standing room crowd to the joyous occasion.

"The Class of 2021 thanks you all for being here," Johnson said. "I am honored to welcome you all to this celebration. We've come a long way but it seems like yesterday was the first day of our freshman year. We've overcome a lot of obstacles thanks to COVID but we've set the bar high and I think we're the best class to ever come through Milan High School. Each of us has the power to change the world if we just push through the tough times. Nothing can stop us! One of us could find the cure of cancer or become the president of the United States. Even though we're about to spread out across country and some of us will never see each other again, we will always be Milan Bulldogs."

Class Valedictorian Vic Wang credited God for guiding his way to the top of his class and offered special thanks to a handful of teachers for being positive influences on his life.

"To the class of 2021, Congratulations," exclaimed Wang. "Tonight is the night that our high school career officially ends. It is a night to celebrate your achievements, gather up your memories and prepare for the next step in your life. At the end of every journey marks the beginning of another journey. I believe each and every student in the Class of 2021 has the tools to succeed, and it is completely up to you how you apply yourself to reach your definition of success. My final point to everyone graduating tonight is to work hard, believe in yourself, even when nobody

else does, and don't be a paste eater. Shed your tears of joy, sadness, and nostalgia tonight, and wake up tomorrow, refreshed, ready to achieve something great with your life. Thank you," he added.

Class Salutatorian Jamison Lifsey thanked his parents, teachers, friends, and school administrators for all playing a part in helping the class to graduation night.

"At the beginning of our high school career, coming in as freshmen, the next four years seemed like they would take an eternity," Jamison noted. "Now that it's over, it feels like it was gone in a flash, almost like it was blown away by a fire hydrant. Although it feels like such a short time, we all made memories that will last us a lifetime. The last two school years have been unusual for the class of 2021. It started at the end of last year, when we thought we were just getting sent home for a few weeks. Next thing we know, we're not sure when we'll get to be back in school. Even though it has been difficult to adjust to, I think I speak for the entire class when I say I'm glad we were able to return to school in person, and I'm especially glad we're able to have this graduation tonight."

Jamison encouraged his classmates to take advantage of the opportunities before them.

"Whether you plan to stay in Milan or move to a big city, enter the workforce or go to college, whatever you do, follow your dreams. This is the only time in our lives when we'll be young, and it would be a waste to not take advantage of it. Thank you all again for being here tonight, and thank you for supporting us," Jamison said.

MHS Principal Greg Scott and Director of Schools Jonathan Criswell handed out diplomas and recognized students for special

honors and awards.

Winners of the Tennessee Lottery General Assembly Merit Scholarships for \$1,000 included Vic Wang, Jamison Lifsey, Addison Caldwell, Michael Brewer, Jackson Nelson, Blaine Sittin, Kate Allen Johnson, Lexie Blevins, Sam Young, Xavier James, Evan Soltys, and Siriah Milan.
