325-648-2251 • 1318 Fisher St. • Goldthwaite

The Welcome Center itself is very unique. Its inspiration for design was based on structural elements from the train depots and rail cars of a bygone time. The City of Goldthwaite was funded by the railroad. You will find seating both inside and out for picnics or just enjoying the native landscaping. For more information about Goldthwaite you can log on to the City website at Visit-Goldthwaite.com.
