

GCHS Class of '21 places nine in Hall of Fame

Special to the Herald  
— Courtesy of the GCHS  
Yearbook Staff —

The Greene County High School Hall of Fame added to its impressive roster of school alumni this year with the induction of nine members of the Class of 2021. Solidifying their legacies at GCHS with this honor were recent graduates Brittany Brown, Abigail Carney, Ali Eubanks, Brandon Ladner, Zayne Robertson, Rylie Turner, Graecanne Walters and Anna Kate Wood.

Brittany  
Natasha Brown

Brittany Brown has a smile and take on life that is contagious. She is always ready and willing to help others. She and Abigail Carney are the dynamic duo in the tutoring center. She has spent many hours working with students to pull up their grades or prepare for a state test. She never likes to take credit for her accomplishments, and she is genuinely one of the sweetest people you will ever meet. Throughout her time at GCHS, Brittany has been heavily involved in Color Guard and Yearbook and she and Abby have been Coach Nick's right hands for baseball details. When she is not working with one of these organizations, she is constantly looking for an opportunity to help someone. You never see her take a break. She arrives early and stays late. She is constantly working. Brittany's time at Greene County High School has been spent making a difference, and we are so proud and grateful for the difference she has made.

Abigail Faith  
Carney

Abigail is, at heart, a teacher. Throughout her time at GCHS, she has taught us many things. Most importantly, she has taught us that hard work and good character pay off in the end. Abigail has worked hard every moment she has spent at GCHS. She has been heavily involved in Beta, Yearbook, and Color Guard, and works with the GCHS baseball program. She and Brittany Brown have

helped build a tutor center with Mrs. Tyline Chatham that has helped countless students. Abby takes a personal interests in the students she is assigned to tutor. She takes the time to visit the students' teachers to find out specifics about their academic struggles, and then she takes it upon herself to find material to help that student. Mrs. Tyline Chatham is still trying to talk her into pursuing Education. She is an example of where hard work and dedication can take a person. We know no matter her major, she will continue to teach others through whatever career she chooses.

Ali McKay  
Eubanks

Ali is the kind of student every teacher loves to have in his or her classroom. She is extremely, but humbly smart and has an incredible work ethic. Ali is an inquisitive student who wants to know the reasons behind the answers. During class, she is constantly soaking up information. After class, she will take all that information and learn more on her own. She is one of those students who is always overprepared. She is dedicated to her work, and she wants to make sure that what she turns in is perfect. She is self motivated, and she never has to be asked twice to do something; she will do it perfectly the first time. While at GCHS, Ali has been a member or WILDPAT, BETA and the GCHS concert and marching bands. Ali is also the pianist at her church. We are so proud of Ali's accomplishments, and we look forward to her success in the future.

Edith Ruth  
Havard

Edee Havard has twirled her way into the halls and hearts of Greene County High School. For the last four years, Edee has been involved with band, volleyball, Beta, WILDPAT and numerous other student organizations. In addition to her wide and varied involvement on campus, she also represented Greene County as our Distinguished Young Woman. Even a worldwide pandemic could not stop her from shining her light while representing Greene County and winning a talent preliminary at the state DYW competition with her twirling and charisma. We could not be more proud of all her accomplishments, and we look forward to seeing what else Edee accomplishes along her journey.

Brandon  
Joseph Ladner

Brandon is the ideal student and quiet leader. He is always willing to lend a hand when sought for help and tutored several students on campus and during his personal time away from school. Brandon is always prepared for every class, and his work ethic motivates teachers and inspires students. He is poised to finish in the top of the senior class and has scored an incredible 35 on his ACT. He has already won several national scholarships and awards for his academic performances. We are excited to recognize his recent selection as a National Honor Society Scholarship Semi-Finalist which is an incredible honor. During his time at GCHS, Brandon has been a BETA member and actively involved in the marching,

concert, and jazz bands where he plays several instruments, including the piano.
