I am honored to represent my friends and neighbors as your Dist. 43 State Senator.

I appreciate your trust & support as I work to represent your interests in Jackson.

I am also proud to serve as the Chairman of the Senate Education Committee. While we still have work to do, I feel good about the direction we are going in making education a top priority in Mississippi.

My family & I congratulate all our area's graduates and wish them great success in the future.
