

breath of fresh air! The difference is not just in the aesthetics, but in the use of quality products that will last for years to come!

Great design happens with great collaboration: Thanks to Ben Clark Jr. and his team at Bathrooms in One Week, to Emily at Win Supply of Owensboro, Stanley at Cabinets Unlimited, Sal at Owens Tile, and Mark Rush Photography for these amazing photos!

Andria earned her Bachelor of Arts in Interior Architecture and Design from the Academy of Art University and has been in business for over 14 years. She sets herself apart first with outstanding cus-

tomer service, having been awarded Best in Service by Houzz four years running with 25 Client Reviews, and with the use of 3D technology. Clients can see their designs finished and make changes before they make decisions, and that saves time and money. Every project has at least one piece that was custom designed just for that space. In the bathroom shown, it is the vanity cabinet; designed to meet the client's storage needs and become the focal point!
