We work with the resident, family and physicians to determine what additional assistance is needed. Our trained healthcare professionals serve and encourage independence, dignity and individuality.

#### MEMORY CARE:

As a Memory Care community, we also treat memory loss with inclusive, custom-tailored programming versus traditional memory care. Our staff is trained by a certified dementia practitioner and takes continuing education modules focused on dementia.

We are so confident we can take care of your loved one to your and their satisfaction that we are willing to not just make that promise to you verbally, we are willing to back our promise with a money back guarantee.
