

PBC Health Officials Issue Alert for Lake Okeechobee

PALM BEACH COUNTY - The Florida Department of Health in Palm Beach County has

issued a Health Alert for the presence of harmful blue-green algal toxins in Lake Okeechobee (locations L006 & PALMOUT3). This is in response to a water sample taken on June 9. The public should exercise caution in and around those areas.

Residents and visitors are advised to take the following precautions:

- Do not drink, swim, wade, use personal watercraft, water ski or boat in waters where there is a visible bloom.
- Wash your skin and clothing with soap and water if you have contact with algae or discolored or smelly water.
- Keep pets away from the area. Waters where there are algae blooms are not safe for animals. Pets and livestock should have a different source of water when algae blooms are present.

- Do not cook or clean dishes with water contaminated by algae blooms. Boiling the water will not eliminate the toxins.
- Eating fillets from healthy fish caught in freshwater lakes experiencing blooms is safe. Rinse fish fillets with tap or bottled water, throw out the guts and cook fish well.
- Do not eat shellfish in waters with algae blooms.

Blue-green algae are a type of bacteria that is common in Florida's freshwater environments. A bloom occurs when rapid growth of algae leads to an accumulation of individual cells that discolor water and often produce floating mats that emit unpleasant odors.

Some environmental factors that contribute to blue-green algae blooms are sunny days, warm water temperatures, still water conditions and excess nutrients. Blooms can appear

year-round but are more frequent in summer and fall. Many types of blue-green algae can produce toxins.

Blue-green algae blooms can impact human health and ecosystems, including fish and other aquatic animals.

For additional information on potential health effects of algal blooms, visit www.floridahealth.gov/environmental-health/aquatic-toxins.

Find current information about Florida's water quality status and public health notifications for harmful algal blooms and beach conditions at ProtectingFloridaTogether.gov. Protecting Florida Together is the state's joint effort to provide statewide water quality information to prioritize environmental transparency and commitment to action.

The Florida Department of Environmental Protec-

tion collects and analyzes algal bloom samples. To report a bloom to DEP, call the toll-free hotline at 855-305-3903 or report online.

To report fish kills, contact the Florida Fish and Wildlife Research Institute at 1-800-636-0511.

Report symptoms from exposure to a harmful algal bloom or any aquatic toxin to the Florida Poison Information Center, call 1-800-222-1222 to speak to a poison specialist immediately.

Contact your veterinarian if you believe your pet has become ill after consuming or having contact with blue-green algae contaminated water

If you have other health questions or concerns about blue-green algae blooms, please call the Florida Department of Health in Palm Beach County Communications Office at 561-671-4014.

Crime Stoppers of Palm Beach County, Inc., is seeking the public's assistance in locating two fugitives.

Latoya Logan (aka Latoya Jones) is wanted as of June 10, 2021 for violation of supervised own recognizance: Possession of cocaine.

Logan was born on September 17, 1977, is 5'4" and weighs 104 lbs. She has red hair with brown eyes and multiple tattoos. Last known address is Washington Avenue, Lake Worth.

Dorriane Lassinger (aka Rita Sylvia Buckley,

Rita Sylvia Camardella, Dorraine Gilbert, Dorraine Keagle) is wanted as of June 10, 2021 for failure to appear: Sale of cocaine.

Lassinger was born on August 13, 1966, is 5'1" and weighs 130 lbs. She has brown hair and brown eyes. Last known address is South Federal Highway, Lake Worth.

If you have information on either of the above you may call Crime Stoppers at 1-800-458-TIPS and remain anonymous. You may be eligible for a reward of up to \$3000.

Logan

Lassinger

Prime Time Palm Beach County Offers Free Virtual Summer Camp Starting June 21, 2021

Palm Beach County, FL - Families and summer programs can visit Prime Time's virtual summer camp calendar located at www.primetimepbc.org/virtual-summer to participate in live, interactive activities planned each weekday from June 21 to August 6, 2021, for

children and youth in grades K-12. Pre-registration is not required. All virtual summer camp session links will be available 30 minutes prior to the session start time. All participants can review the schedule one to two weeks in advance for planning purposes. The live

activities will be hosted on Zoom, provided by the following content expert providers:

Prime Time Palm Beach County is a nonprofit organization that provides resources and supports for out-of-school time professionals to develop programs that inspire children to be their best and allow them to thrive socially and academically.

Prime Time's integrated model of services is one of the strongest, most comprehensive and well-respected systems for measuring and improving

out-of-school time program quality in the nation

The Children's Services Council of Palm Beach County provides significant funding for Prime Time's overall operations, including the Virtual Summer Camp. Children's Services Council of Palm Beach County, a special district created by Palm Beach County

voters, provides leadership, funding, and research on behalf of the county's children so they grow up healthy, safe and strong. For more information,
