### LCDHD releases statement on status of COVID vaccine

rent status of the Covid-19

The LCDHD is currently out of prime (first) dose vaccines, the release stated. "All we are giving is booster (second) doses for those healthcare providers (1a) and first to order 1b vaccine at this

The release stated LCD-HD is not taking appointments or pre-registering for COVID vaccine at this time, due to the uncertainty of vaccine supply.

Lake Cumberland Regional Hospital is currently receiving 500 doses of vaccine per week to immunize healthcare workers, first responders, and other 1b group participants.

In regards to schools, in the Lake Cumberland District, there are providers who are administering the school vaccine in every county. "The week of January 25

we expect vaccine for school staff in Cumberland, Green, Russell, and Wayne, along with part of the school staff in Pulaski. The week of February 1, we expect to receive vaccine for the school staff in

The Lake Cumberland McCreary and the remain-District Health Department der of Pulaski. The push to released a statement last vaccinate school staff will Friday regarding the cur- likely tie up most of the state's vaccine supply during these weeks."

Long term care facilities ready to begin this phase, staff and residents is being vaccinated through the federal contract with Walgreens and CVS.

The total COVID-19 prime given by local health depart-tional prime dose vaccines." ments are as follows:

- Adair: 300
- Casey: 100
- Clinton 100
- Cumberland = 100
- Green = 100 • McCreary = 100
- Pulaski = 800 • Russell = 300
- Taylor = 100
- Wayne = 100

# Friday is NTI day for Green **County students**

Staff to receive first of Covid-19 vaccine

By Crystal Cecil R-H STAFF

The Green County Board of Education announced last week that this Friday, Jan. 29, will be a non-traditional instruction day for all Green County students.

There will be no inperson classes with all students learning remotely. Virtual learning will take place through Google Classroom," the release said.

No new assignments will be provided to students on January 29. Teachers will students on missing assignments while also planning upcoming weeks.

"Since reopening on January 6 after Christmas Break, our staff has done a tremendous job providing virtual and in-person instruction," Superintendent of Schools Will Hodges said. "Through the efforts of all of our employees, a safe environment is in place for our children. The district continues to expand our mitigation efforts as knowledge about the virus increases.'

January 29 will also be the date that district's staff will have the opportunity to receive the first round of the COVID-19 vaccination.

"Our district is excited to partner with the Department of Public Health along with the Cumberland Family Medical Center to offer the COVID-19 vaccination to all of our staff that have expressed intent to receive," Hodges said. "This will assist Green County Schools in our efforts to maximize learning use the day to work with in the safest environment possible."

In-person and virtual for their virtual and in- learning will continue as person classrooms for the scheduled through Thurs-

Eagles' Eye view

Photo submitted

Martin Brammer spotted these two bald eagles last week in Summersville on Highway 61. Brammer heard a shrill sound and found one bird perched in the tree with another quickly joining. Bald eagles usually travel in pairs. Brammer says the eagles are the first he has seen in his five years there. They perched there majority of the day Thursday.
