KSP extends application deadline for new troopers

The Kentucky State Police are extending the application deadline for their next academy class through April 9.

As announced in January, KSP is changing protocol in an effort to offer troopers a post assignment closer to home. New troopers will have the opportunity to 'Pick Three' posts that they would prefer to be assigned to. In doing so, the new trooper would know that when they graduate the academy, they would be assigned to one of their top three selected posts.

Sergeant Michael

Murriell, KSP Recruitment Branch Commander, thinks the new 'Pick Three' option will be a game changer for recruiting.

"In the past, a trooper who resided in Eastern Kentucky could potentially land at a Western Kentucky post upon graduation," said Murriell. "It was definitely a concern of many recruits that we met with. The ability to provide assurance to our new recruits that they won't have to pack up their families and relocate to the other end of the state will alleviate those concerns."

Murriell says Cadet Class #101 applications must be submitted to the KSP Recruitment Branch at 919 Versailles Road, Frankfort, KY 40601 by close of business on April 9. The targeted start date for the class is October 2021.

Interested applicants should visit www.joinKSP.com to download an application.

The Recruitment Branch has established an email box that applicants can use to reach out to a recruiter. Inquiries should be submitted to KSPrecruit@ky.gov

Did a stranger "accidentally pay" you on Venmo? BBB warns that consumers should

be wary of random payments from strangers; often the payment is sent via a stolen credit card. When victims return the payment, scam-

mers remove the stolen credit card and replace it with their own card. Chances of victims receiving reimbursement are slim to none.
