Be prepared for the next power outage and don't be in the cold or dark for hours or days on end.

When the power goes out your Generac Automatic Home Standby Generator

will come on within 30 seconds and restore power to your home or business and you can continue life as

normal. Call PSU today for a free site visit and learn how owning a Generac Automatic Home Standby Generator can keep you out of the cold and dark. Already have a home standby generator? Join the many satisfied customers that allow PSU to maintain their generator. We accept all major credit cards. Financing is also available.
