A total of four juveniles have been arrested in connection to the multi-county thefts as of Monday, February 8. More arrests are expected, according to Holmes County Sheriff Willie March.

The juvenile arrested at the West area property reportedly lived at the residence with his parents. Mitchell added that this "ring" of juveniles are all acquainted.

Thousands of dollars of items were discovered to have been painted over. One ATV, a Hon-

da Foreman model, that was found has yet to be identified where it came from. Some .12 gage ammunition drums were also discovered at the property.

An Attala County incident report filed in January 2018 from the Cole Creek Hunting Club, reported a Honda Foreman model ATV stolen from the camp.

The parents of the juvenile allegedly did not know anything about the items stashed around the property.

This investigation is ongoing.

Pictured above, an agent with the Montgomery County Sheriff's Department holds a .12 gage ammunition drum discovered at a property in the West area after a multi-agency search warrant was executed on January 26. Photos were taken and submitted by law enforcement.

Pictured above left, one ATV recovered from the West area property had been painted over from its original color. Pictured above right, an old deep freezer discovered behind the property contained a crossbow, rifle, camouflaged clothing, boots and other items, seen above spread out on a nearby log.
