

## The Clinton Courier announces Yard of the Month

The August Yard of the Month spotlights 606 Oakwood, the home of Marilyn Disepo, who inspires her neighbors with her love of her flowers and her garden spaces in the front and back lawns. When the family moved into the home in 1971, two magnolia trees were about the only feature of the yard. While the magnolias remain prominent, over the years the Disepo touch has enhanced the front and back yards with phlox, ferns, salvia, impatiens, canna, geraniums, and hibiscus, some flourishing in the ground, others in large pots. To name a few more, gardenias, hydrangeas, day lilies and irises bloom during the different seasons.

Jenny Crawshaw, supported in her 606 Oakwood nomination by other neighbors, said, "It has been one of my favorite yards for a long time. The wide variety of plants and flowers that constantly bloom year-round make it so beautiful and unique. I think I speak for many neighbors on Oakwood Drive when I say this yard is a neighborhood favorite. Those who are lucky enough to meet Miss Marilyn and learn a little bit about what she is growing will walk away all the wiser. I recently had the pleasure to meet her and have learned so much about plants. She really has a green thumb and her yard shows it."

The Yard of the Month program is co-sponsored by The Clinton Courier and the Happy Gardeners Club. Nominations for Yard of the Month should be sent to Cheryl Yeagley at [cyeagley13@gmail.com](mailto:cyeagley13@gmail.com).
