CPSD continues to utilize 1-to-1 technology education initiative

Special to The Clinton Courier

With a new school year approaching, Clinton Public School District's Technology Department is gearing up to ensure each student has their own personal Apple device for learning and instructional use.

Instead of holding Meet Your Mac sessions as previously done, CPSD's Technology Department will introduce iPads and Macs to students internally during school hours.

Returning students entering sixth grade will receive their iPad and padded backpack at school on Friday, August 13. Students attending Lovett Elementary School will take their iPads home and will be required to bring their devices to school on a daily basis.

Students new to the district entering sixth grade who have already completed the online registration process will receive their iPads within a week of the start of school.

Returning students entering seventh and eighth grades will bring their devices to school beginning on the first day of school, August

11, in their district-issued padded backpacks.

Students new to the district entering seventh and eighth grades who have already completed the online registration process will receive their iPads within a week of the start of school.

Returning students entering their freshman year will bring their iPads along with their iPad charger to the August 9 registration and enrollment day where they will turn in their iPad with charger and will be issued a MacBook Air.

Students new to the district entering ninth grade who have already completed the online registration process will receive their MacBook Air within a week of the start of school.

Returning students at Clinton High School will bring their MacBook Airs with them on the first day of school, August 11, in their district issued padded backpacks.
