COLLEGE ANNOUNCEMENTS

Local Residents Earn Degree from WGU

SALT LAKE CITY (Grassroots Newswire) March 15, 2021 - The following local residents have earned a degree from Western Governors University (WGU). The online, nonprofit university has graduated over 218,000 students from across the country since its inception in 1997.

- Erica Haney of Crocker, Mo. (65452) received a Master of Arts, Mathematics Education (5-9).
- Leslie Stoumbaugh of Iberia, Mo. (65486) received a Bachelor of Science, Nursing.

dergraduate and 15,640 graduate degree recipients, who have completed their degrees since July 2, 2020. Their areas of study include business, K-12 education, information technology, and health professions, including nursing. The average time to graduation for those earning a bachelor's degree was 2 years, 3 months, while the average time to degree for graduate programs was 1 year, 4 months. The average age for those who graduated is 37 years old.

WGU pioneered competency-based education, which measures learning rather than time spent in class. Designed to meet the needs

of working adults, students study and learn on their own schedules with individualized, one-to-one faculty support. They complete courses as soon as they demonstrate that they have mastered the subject matter; allowing them to move quickly through material they already know so they can allocate time for what they still need to learn. As a result, many WGU students are able to accelerate their studies, saving both time and money.

About WGU
 Established in 1997 by 19 U.S. governors with a mission to expand access to high-quality, affordable higher education, online, nonprofit WGU now serves more than 131,000 students nationwide and has more than 218,000 graduates in all 50 states. WGU is accredited by the Northwest Commission on Colleges and Universities. Learn more at www.wgu.edu.
