

New Hope Primitive Baptist Church, a modern church of believers of the scripture of God

What is a “Primitive Baptist Church”? Don’t let the name fool you. Founded in 1825, Milan’s New Hope Primitive Baptist Church is a modern church of believers who adhere to the scriptural truth including total depravity, unconditional election, particular redemption, irresistible grace and the eternal security we have in Christ alone. In this sense, “primitive” simply relates to the “original” doctrine taught in the Holy writ of Scripture.

New Hope Primitive First Baptist Church enjoys family-integrated worship and singing with the voice that Almighty God gives the congregation in their services. Elder Mike Roberts invites visitors to come and learn of God’s ways, enjoy sweet fellowship and praise The Lord.

“We believe you’ll love the simplicity of worship that God hath ordained,” Roberts said.

Service times are:

Sunday morning service - 10:30 a.m.

Sunday evening service - 6 p.m.

Conferences are held on the third Sunday of every month

Communion is held in May and November.

New Hope Primitive First Baptist Church is located at 6110 South First Street in Milan. More information is available on the church’s website at milanpbc.org.
