

Jr. Vikings

from page 12

Coach Vonner said.

The Dyersburg game was a prime example. Humboldt had a 6-point lead with 2:00 remaining. Too many three-point shots that did not fall put the Trojans in position to take the lead and give the Jr. Vikings an opening night loss. Since that game, there has been improvement and these things will come into play in closer games down the stretch of the season. Some games can come down to who has managed the final few minutes the best.

This Jr. Viking team deserves support in the stands.

"Our guys are taking on a lot of responsibility in the classroom and on the court in basketball," Vonner said of having a crowd at games. "There is nothing like playing in the game with your mom, dad, grandparents, family and friends in the gym watching you. And it does energize kids sometimes."

The Humboldt community has always been great to support whether Humboldt wins or loses.
