

Balee Wilson graduates from School for Math & Science ...

Former GCHS student Bailee Wilson graduated from the Mississippi School for Mathematics and Science in Columbus on May 28. While Wilson remained close with many of her Wildcat classmates, she spent her junior and senior years of high school at MSMS, Mississippi's only public, residential high school specifically designed to meet the needs of the magnolia state's most academically gifted and talented students with an emphasis in STEM education.

Wilson excelled as a student and student-athlete (tennis) at MSMS and will ride that success to Mississippi State University beginning this fall where she will be a student in the Judy and Bobby Shackouls Honor College and Bagley College of Engineering, pursuing a degree and career in Biomedical Engineering.

GCHS Top 10

Finishing in the Top 10 of one's high school graduating class is a huge accomplishment. Earning that honor for the 120-member GCHS Class of 2022 were Frederick Johnson, Reanna Scoggins, Taylor Garretson, Ailee Byrd, Cameron Dunnam, Ivy McLain, Brooke Byrd, Aubrynn Shepherd, Kaylan Brown and Jasper Everett. The Top 10 graduates are listed in order of their finish in terms of their accumulative grades over their four years at the school.
