

Bethlehem School News

On October 28, 2022, students at Bethlehem Elementary participated in Career Day. "This was our first since coming back from Covid," said Ashley Jenkins, the Assistant Principal. "The number of parent and community presenters were

outstanding. We had 28 presenters from our community, Iredell County, and Catawba County."

Each grade level had at least six different presenters, which could range from beekeeping to K-9 units, and Bethlehem's very own Abby the Wonder

Dog made her last appearance. The students learned many skills and ideas for what they may want to be when they grow up.

"We at Bethlehem Elementary are so thankful for all the presenters that gave their time to help us create a wonderful interactive learning environment for our students. A big thank you to Crystal Hoke and Emily Fox who helped provide presenters through the CTE program at the Alexander Central High School," said Mrs. Jenkins.
