New deck before handrails.

covered with a roof, multi or single sided, small or large, simple or elaborate. They can be designed to be used year-round or seasonal. They can include outdoor kitchens, fireplaces, hot tubs, waterfalls, saunas, televisions, and more. Handrails can be of wood, metal, rope, or wire. It took us a couple of years to decide on the handrail design with my husband, David Pedigo, eventually designing a custom look with black railing.

We choose to add lighting to reflect up into the beams, highlighting the tongue and groove lumber from Superior Fence Systems. We used tongue and groove on the ceiling and around the edges in hopes of deterring wasps and bees from inhabiting our space. PPG Flood

Stain from Superior Fence keeps the wood looking fresh and vibrant.

Any outdoor space can be an awesome addition to any home, bringing new life and new possibilities. The design you select is completely up to your imagination and budget. Please stop by Superior Fence and Paint on Industrial Drive when shopping for treated lumber, deck stains, and paints. We can help make your outdoor dreams a reality.

Paula and her husband, David Pedigo are the owners of Superior Fence and Paint Store on Industrial Drive in Glasgow. Their store features #1 treated lumber, decking boards, deck paint and stain. PPG Porter Paint and many farm and fence products.

Lights enhance the roofing angles and beams.
