

“The Mousetrap” at Barn Lot Theater

The world’s longest-running play is coming soon to Edmonton!

Barn Lot Theater will present The Mousetrap by English crime novelist and playwright Agatha Christie the last two weekends in August.

The Spotlight Sponsor for the show is Bowling Park.

After a local woman is murdered, the guests and staff at Monkswell Manor find themselves stranded during a snowstorm. It soon becomes clear that the killer is among them, and the seven strangers grow increasingly suspicious of one another.

A police detective, arriving on skis, interrogates the suspects: the newlyweds running the house; a spinster with a curious background; an architect who seems better equipped to be a chef; a retired Army major; a strange little man who claims his car has overturned in a drift; and a jurist who makes life miserable for everyone.

When a second murder takes place, tensions and fears escalate.

“The Mousetrap is a great show to attend,” Director Brandon Kyle Hadley said. “There has never been a movie

adaptation of this work, so it will keep the audience guessing to the final moments,”

Rated PG, this record-breaking murder mystery features a brilliant surprise finish from Dame Agatha Christie, the foremost mystery writer of her time and has been running continuously for the past 70 years.

“Including the twists and turns of the plot, Mousetrap features some of Agatha Christie’s best characters that bring humor to the plot,” Hadley said. “Just because it is a murder mystery, doesn’t mean that you

will not laugh.” The Mousetrap is directed by Brandon Kyle Hadley and features a cast of area stage veterans that includes Deeann and Joshua Phelps, Wesley Waddle, Robin Frazier, John Botts, Sandy Roberts Dunn, Greg Blair and Dustin Popp.

The Mousetrap will play August 18 - 21 and 25 - 28. Thursday, Friday and Saturday performances are at 7pm CST. Sunday Matinees at 2:30pm. Tickets and additional information can be purchased at barnlot-theater.org or by calling 270-432-2276.

Be Kind

When Columbia University researcher, Kelli Harding began her clinical practice, she never intended to explore the invisible factors behind our health. But then there were those rabbits. In 1978, an experiment designed to establish the relationship between high blood cholesterol and heart health in rabbits discovered that kindness—in the form of a particularly nurturing post-doc researcher who would pet and speak to the lab rabbits as she fed them—discovered kindness made a difference in heart health.

As Dr. Kelli Harding reports in her book, The Rabbit Effect: Live Longer, Happier,

and Healthier with the Groundbreaking Science of Kindness, the rabbits were just the beginning of a much larger story. Groundbreaking new research shows that love, friendship, community, life’s purpose, and our environment can have a greater impact on our health than anything that happens in the doctor’s office - good medical care like- only accounts for 10 to 20% of our overall health status. So, the team repeated the experiment but this time with tightly controlled conditions and got the same results. Being Kind made all the difference.

Population research has shown our social world is the major determinate of our

health. Meanwhile, The Rabbit experiment showed the rabbit group that were treated with kindness, held 60% better health markers than the other rabbits. Our health is determined by how we are treated in our day-to-day lives at home, in relationships, in workplaces, schools and in the community. Kindness and positive connections with people make a difference in our health!

The exciting news is that every day we have the opportunity to increase kindness and connection in all areas of our lives. Be intentional about thanking people who help you - including anyone who helps you in restaurants and stores. Recognize their hard work and

thank them. Above All, Be Kind.

This week, Set the intention to Be Kind in all your interactions with everyone. And so, remember, Matthew 7:12 ESV “Love is patient and kind; love does not envy or boast; it is not arrogant or rude. It does not insist on its own way; it is not irritable or resentful; it does not rejoice at wrongdoing but rejoices with the truth. Love bears all things, believes all things, hopes all things, endures all things.”

Love God and All People. Amen.
