

Sidebottom Farms Dairy

BY CLEVIS JEFFRIES
R-H STAFF

Jim and Ona Sidebottom and son Stacy have a dairy operation located in the Pleasant Valley/North Summersville community. The dairy herd consists of Holsteins. They currently are milking 250 Holsteins twice daily which produce approximately 20,000 lbs. of milk per day.

The Sidebottoms keep their dairy records on computer.

The Holstein cow wears a 'Fitbit' which monitors its daily activity.

Ona Sidebottom feeds her baby Holstein calves.

Did you know that
July 17th is National
Ice Cream Day?
