Chad Richison, CEO of Paycom and Tuttle native, donated \$9 million to the Tuttle school system. The donation was contingent upon a \$4.75 million bond proposal that passed October 21, 2021.

With the donation from the Chad Richison Family Foundation, the money the school system had saved, and the October 2021 bond, Tuttle voters will receive an \$18 million dollar improvement to their school system. Construction is currently

ongoing at several different areas of what will soon be Chad Richison Stadium, including the additions to the Tuttle Tigers' football field house.

Tuttle Schools Superintendent Keith Sinor said Wednesday, January 18 of the field house, "They are adding onto it right now. Basically, the entire building that was there is going to be the varsity locker room. It was the varsity locker room, coaches' offices, equipment room, and freshman/JV locker room. Now, it's all varsity locker room, equipment room, and laundry room

"Our community has been very supportive of all of our academic programs, sports programs, other extracurriculars like band, and we want to make sure we are good stewards."

downstairs. Upstairs will be the coaches' offices, hospital-ity area, and that is the work that is going on to the north of the field."

To the east side of Bill Hinkle Field, currently, the away-side bleachers are com-

plete, and work is being done on the concession stand that will be located underneath them.

"We're under a tight time-line there, but it's going well," the superintendent said. "The away concession isn't done

yet, but it's underway. We still have some things to do with the heat-and-air, and the concrete, and several other things there, but the visitors side will be done here pretty
