

We Salute Our Area

Forestry Industries!

Timber has been the cornerstone of Thomasville's economy since the 1880s when the community was established as a railroad town. Sawmills and other wood products plants grew along the railroad and Thomasville blossomed and prospered. Today, ours is a diversifying economy but timber is still our mainstay and our backbone.

NOW OPEN & SERVING THE AREA....
THE ALL NEW
CUZZ'S TRAVEL DEPOT

The new Cuzz's Travel Center on Highway 43 South at the intersection with the North Clarke Industrial Road opened for business Saturday, Oct. 1, 2022. The new store offers Phillips 66 gasoline and diesel along with a full line of convenience store items. There is a lot of hot food as well as showers for truckers and more.
