# Sharing a bit of information

Hi Friends,

In the front page story about Representative Brandon Reed in the Feb. 7 issue of the Greensburg Record-Herald, cerebral palsy (CP) was described as a "disease that affects a person's balance and ability to walk."

As a person who also has this condition,

I wanted to provide a more accurate definition. Cerebral palsy is not a disease. The Mayo Clinic describes it as a group of disorders which affects muscles and posture.

In fact, the condition affects people very differently depending on the type and severity of the case. Symptoms vary and can

range from a lack of muscle control to significant challenges with sight or hearing.

It's also worth noting that the causes are not yet fully understood and the medical community is still learning about symptoms and treatment, especially for adults.

The CDC's Autism and Developmental Disabilities Monitoring Network estimates as many as 1 in every 345 Americans may have some form of cerebral palsy. Thank you for the opportunity to share more about it!

Sincerely,  
Michelle Gorin

# The Gift of Life!

Dr. Angelia Bryant  
Licensed Clinical Counselor

The Gift of life is the Greatest Gift! You are a miracle. Yes, besides having the opportunity to live on planet earth and in the greatest country in the world is an amazing gift. The gift of your life been protected on numerous occasions and for this reason, there is a purpose yet unfulfilled because this Gift of Life has Meaning.

So YES, waking up this morning made me remember that Life is a Gift! Oh Lord, may we always remember that our lives are a gift! Every breath, our health, wealth, peace, family and friends, all the

love in our lives... everything comes from God; everything we have is a gift! May we live with an attitude of gratitude! May we continue to live our lives trusting God, submitting to God, choosing joy, and choosing gratitude! Live in gratitude for this amazing gift saying, "Thank you, Father" multiple times a day.

According to Anthon St. Maarten, Divine Living (2012), "You are heir to a heavenly fortune, the sole beneficiary of an infinite spiritual trust fund, a proverbial goldmine of sacred abundance beyond all common measure or human comprehension. But until you assert your rightful inheritance of this blessed gift, it will remain unclaimed and forever beyond your

reach."

Jesus said, "A thief comes only to steal, kill and destroy. I have come that you might have life and have it abundantly" (John 10:10). People often talk about God doing "exceedingly abundantly, beyond all we can ask or think" (Ephesians 3:20).

The Gift of Life is much more than success and wealth. This Gift of Life doesn't mean we can purchase as much as we want from Walmart. The Gift of Life is the realization - we are and have all we need. And when bad times come, life is filled with a peace beyond our understanding - because we are loved. This life is being good guardians of the gifts and giving back to God and people in accordance with our gifts.

Friends and Readers remember to invite this Word into your Heart, James 1:17, "Every good gift and every perfect gift is from above, coming down from the Father of lights with whom there is no variation or shadow due to change".

Finally, Love God and All People. Amen.
