

Special to The Clinton Courier

As examples of the deep soccer lineage in Clinton, the 2023 CHS boys championship soccer team included five players whose dads had played on the 1991 CHS championship team. In addition, at least one of the 1994 CHS boys championship players, Jaret Holmes, had a daughter, Cooper, on this year's girls championship team; and one of the 1994 girls championship players, Elizabeth Hayman Carite, had a son, Ryan, on this year's boys championship team.
