

Reason #6

neighbors

Josh and Amber Anderson

We relocated to Barnesville from the cities due to a job change for Josh. Luckily, Amber was able to keep her job and work remotely. We traveled around the surrounding areas and Barnesville stuck out to us as a great place to raise two kids. Between the highly rated schools, family friendly activities, small convenient businesses, and close proximity to FM we made the right choice. Everyone we've met in the community has been extremely helpful and very friendly.

Morgan and Amanda Miller

We chose Barnesville because we wanted our kids to grow up in a small family friendly environment. We liked the newly renovated school and small class sizes. The large amount of parks, outdoor activities, and community events were a big perk for us, as well as a short commute to the FM area. Everyone we have met in Barnesville so far has been so welcoming and friendly to our family. We are so happy we made the decision to move to Barnesville!

Snip & Snuggle Dog Grooming

"My wife and I grew up in Barnesville so we already knew it is a great community! When our daughter went off to college, we thought it made sense to move back to a place where the pace of life is a bit slower. My wife works from home so it made sense for me to look for something I could do in town as well. One of my passions is dogs so when we realized there was a real need for a groomer in town, I decided to go for it! I went to Rio Grooming school, graduated, and opened Snip & Snuggle dog grooming. It's a great fit! I've met so many great people and their pets. It feels amazing to be part of and to serve this community."
