## Potato People Have Begun Sprouting Up

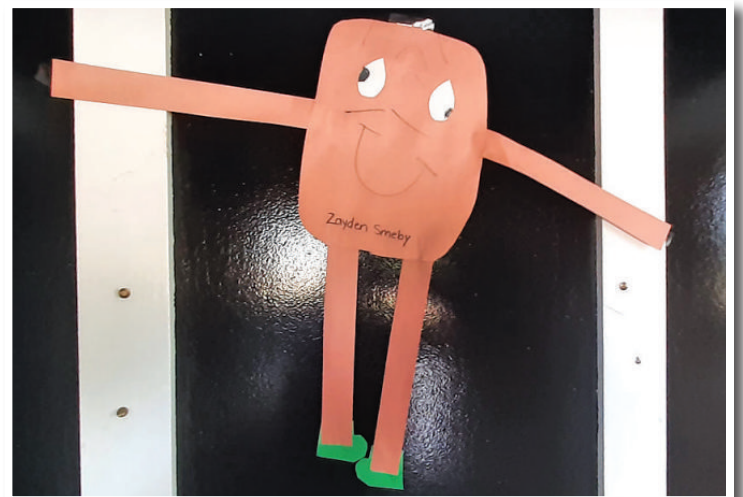

Thanks to the Barnesville Atkinson Elementary Kindergarten teachers, the Kindergarten classes and multiple daycares throughout the community, kids have once again made "Potato People" to help remind others that Potato Days will soon begin in Barnesville.

At the end of the school year, they use construction paper to create their own Potato Person.

These creations decorate the windows of many Barnesville businesses.

Some of the businesses have generously agreed to give a prize to the child that finds their "Potato Person" in their window.

Parents and/or daycare providers are encouraged to take the children for a walk in search for their creations and claim their prize.

## Potato Days Bringing Fresh Local Produce

What could be more fitting for a Potato Days celebration than some fresh produce?

On the morning of Saturday, August 26, an array of fresh, locally grown products will be available for purchase at their new location for the Potato Days Farmer's Market.

Stop by from 9:00 a.m. to 1:00 p.m. at the north end of Front Street to buy seasonal selections from numerous vendors. The event is sponsored by the Depot Market.
