

For years pony rides in the Friendship Park area downtown were a big hit with the youngsters. Most years it was just too hot for the horses and it has been several years since the ponies have been to Barnesville for Potato Days. There is also a safety and liability issue. A pony galloping along at less than one mile per hour still provides a long distance fall to the ground and someone might sue.

SPUD FACT

Thomas Jefferson gets the credit for introducing "french fries" to America when he served them at a White House dinner.
