## Rock-Solid Commitment to Ag

To remind us of our ag roots, which shaped our independent approach and who we are as a company, every branch is decorated with rocks picked from our founder's farm.

That's a rock-solid commitment you can count on.

## Antique Farm Equipment To Be On Display

A variety of equipment, spanning several decades, will be showcased on Friday and Saturday in front of the Maple River Grain plant, located on the south side of Main Avenue SW, just before McGrath Park. Much of the equipment on display is between 80 and 100 years old.

Included in the collection is an old potato planter, walking potato plow, potato digger, and a Red River Potato Duster which was manufactured in Sabin, Minnesota in the early 1890's.

### SPUD-FACT

One baked potato contains 21% of recommended daily dose of Vitamin B6, 40% of vitamin C, 20% of potassium and 12% of fiber.

### SPUD JOKE

What's a potato's favorite TV show?

**Answer:**  
Starch Trek.
