

Peel Out With A Potato Race Car!

Boys and girls, ages 5-11 are invited to take part in the Potato Car Races on Friday evening. The activity will take place just south of Midwest Bank with all Potato Cars ready to race at 6:30 p.m.

Becoming increasingly popular every year, this is a great mix of art and sports. There is no fee to enter, and all the stuff needed to create an award winning race car is supplied. Prizes will be awarded in several different age categories. Pre-registration is not required, but remember to come earlier than 6:30 p.m. to sign up and build your race car.

SPUD-FACT

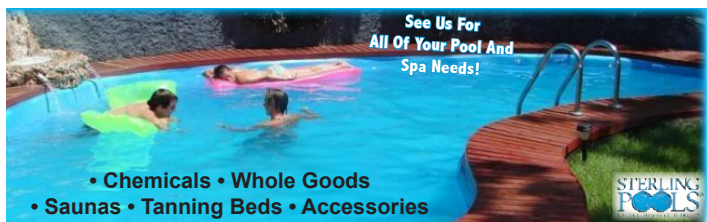

The world's largest potato chip crisp (on exhibit at the Potato Museum) was produced by the Pringle's Company in Jackson, TN, in 1990. It measures 23" x 14.5".
