

# This Golden Potato Is Really Hot!

What festival would be complete without a treasure hunt, in this case a hunt for the Golden Potato. Once again, this year the Golden Potato will be hidden somewhere within the Barnesville city limits. Whoever retrieves the potato and brings it to the Information booth will win a prize. The Golden Potato will not be place in its hiding spot until

one of the last clues have been posted.

## CONTEST RULES

The object is to find the hidden potato by carefully

reading the clues provided at various events. Beginning bright and early at 7:00 a.m. on Saturday morning, clues will be posted at various festival sites and times throughout the day.

Watch the Potato Days office for when a new clue is posted.

All ages are encouraged to read each of the clues and determine the location of the hidden golden potato.
