A visit from some furry Firefighting Friends

Local volunteer fire departments and representatives of the Alabama Forestry Commission visited local schools recently in observance of Fire Prevention Week. Firefighters talked with students about fire safety and brought along a couple of furry firefighting friends. Smoky the Bear and Sparky the Dog spent time with the kids, who were also given the opportunity to climb on some of the fire trucks. (Photos by Dee Ann Campbell)

Pictured above are fire department members who participated in Fire Prevention Week activities at Southern Choctaw Elementary School. (Submitted photo)
