where we're needed. At the end of the day, Dad still tells us where all to go!

Are there days where you get antsy and ready for dad to ride off into the sunset so you can run the show?

I have no idea how long it's going to be. It's not one of those pressure deals. I love being with Dad every day and having his direction as our fearless leader or big toe! <both laugh at Stripes reference> .

It's not everyday that someone works a Stripes reference into an interview. Good Job!

How about off the farm? Is everything going well?

Everything's great. I currently live over by Tuscola and I've got Snoop the Corgi living with me and Merle lives here on the farm. It's all going really good.

Did you know?

Prior to financing home improvement projects, homeowners typically consider a host of variables, including how significant a return they're likely to get on their investment. Though potential ROI is not the determining factor for most homeowners, the cost of home renovation projects is so significant that ROI certainly merits consideration. According to Remodeling magazine's "2022 Cost vs. Value Report," a garage door replacement recouped the highest percentage of homeowners' initial investment in 2022. The average cost of such a project was \$4,041 in 2022, and homeowners recouped roughly 93 percent of that investment at resale.

Did you know?

A recent survey of home renovation industry professionals conducted by Fixr.com found that creating indoor spaces outdoors was homeowners' biggest priority regarding renovations in 2022. Sixty-two percent of renovation-minded homeowners surveyed indicated outdoor dining areas are their most sought-after living space. In addition, 41 percent of respondents felt outdoor kitchens were their biggest priority. The survey found that certain outdoor living space features were especially popular, none more so than comfortable outdoor furniture. Firepits, outdoor fireplaces, swimming pools, hot tubs, and outdoor connectivity were some additional popular features among homeowners focused on their outdoor living spaces.

Don't wait til Fall... Do it now and rest in peace.
