Arthur, IL 61911

Located on Hwy. 133 just east of the bridge in Chesterville

217-208-2199

Area Greenhouses - the REAL Green Deal

Each year thousands of visitors come to the Arthur area for a variety of reasons. In the springtime one of those reasons is to visit the many local greenhouses who will help you put the green (and almost every other color imaginable) in your garden, in your yard, pots and planters.

Local greenhouses have every sort of herb, vegetable, succulent, and flower you can imagine along with the accessories to work with them, show them off and help grow them. The expertise and advice comes along with the flowers and plants free of charge! Even if you want to start with just the seeds, our Arthur area greenhouses can help you out.

Backyard Garden located on 133 just east of the bridge in Chesterville is the newest greenhouse to our area. The Miller's just opened last spring and offer a vast array of bedding annuals and pot-

ted annuals for both sunny and shady gardens - plus enjoy beautiful hanging baskets and patio pots.

Harvest food right from your own backyard with a variety of vegetable plants, seeds, and herbs available now along with supplies for all your gardening essentials.

Countryside Greenhouse - One of our oldest greenhouses relocated to a new location not too far from its original home. Nearly four decades ago Countryside Greenhouse opened. It was run by the Otto sisters Mary and Susanna and to many it simply became known as "The Sisters".

The pair "retired" and sold the business known for beautiful flowers, hanging baskets, vegetable plants and good advice to Jerry Herschberger. He moved the business a half-mile south down road 200 E (the same road as Beachy's Bulk Foods) and one and a half-mile east. The ride

on the road back to this location is worth the drive alone!

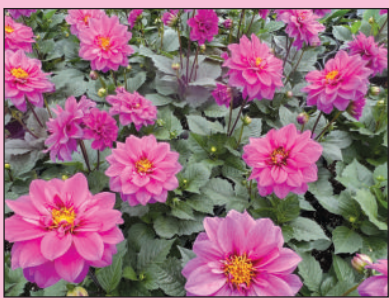

They continue to offer the same quality products of vegetable plants and flowers as in the past along with some new flower colors this year that customers are bound to love.

Graber's Greenhouse - Located on Jonathan Creek Road between Arthur and Sullivan (just past the railroad tracks look for the signs that say WHOA!) Graber's has been an area favorite for close to twenty years.

The business remodeled the actual greenhouses two years ago making the aisles wider and made various other updates. Inside the front of the store you will find many supplies for your gardening needs along with pots, planters and baskets. The store also carries HyR Brix Fertilizer, which is an all-natural, organic fertilizer that comes in many different formulations for tomatoes, *See GREENHOUSES on page 2*

WESTSIDE GREENHOUSE

Stop by and visit our store located 1/4 mile west of Arthur on Rt. 133 across from Eberhardt Park
