## Program seeks to end homelessness in region

The Illinois Office to Prevent and End Homeless along with the South-Central Continuum of Care Eastern Regions (seven counties of Clark, Coles, Crawford, Cumberland, Douglas, Edgar and Jasper) marked April 24 as day one of the 100-Day Rural Homeless Challenge:

There are 49 families on a waitlist. The goal of this 100-Day Rural Homeless Challenge is to safety and stably house 29 families and the additional 20 families will be supported with connections to behavioral health services in these seven communities.

To make this happen, the community needs to be involved, the group said. This means people with lived experiences (formerly homeless), front-line staff from health services, behavioral health services, homeless shelters, service providers, landlords, police, EMT, education, community, city and county, busi-

nesses and concerned citizens, can assist in a few different ways:

- 1 - Give input - ideas to end homelessness
- 2 - Sign a letter to show others you support the 100-Day Rural Homeless Challenge
- 3 - Become a team member - attend weekly Zoom meetings and work on goals.

There are programs available to house these families. These programs vary from deposit and first month rent to rental assistance. Landlords are needed to work with these programs and give clients a place to call home.
