The years fly by way too fast. At the time you are young, you feel it is a long time before you will grow up. However, in the blink of an eye, things change. You grow from that toddler in kindergarten, to a young adult ready to face the challenges of the world. 2023 ALAH seniors who grew up in the A-H Grade School/Jr. High revisited their roots on Wednesday, May 17. The group walked the halls visiting their old classrooms talking about their younger years.

They enjoyed a breakfast buffet from the staff, followed by an assembly in front of the whole school in the gymnasium. Each student entered single file while a short biography was read about them. Afterward, any sibling in the

school of one of the seniors, were invited to come and stand with their brother or sister.

The grade school/jr. high students filed out of the gymnasium and formed a line on each side of the hall to the

front of the grade school. The students from kindergarten to 8th grade gave high fives to the seniors and cheered them on to a successful life. What a way to end your senior year, going back to where it all started. Best of luck in your endeavors.
