

Connor Family Amusements to provide rides for all ages at Villa Grove's annual Ag Days

FOR SOMEWHERE in the neighborhood of 30 years, Clay County Amusements provided the carnival rides for Villa Grove's Ag Days celebration. However, after the 2022 season, their ownership team decided to retire, and upon their recommendation, Connor Family Amusements will be offering entertainment options for the 2023 event. The company got its start in 1968, when founders John and June Connor began to set up at shopping malls and company picnics all over Central Illinois. Fifteen years later, they had four rides and a concession trailer in operation, and 4 years after that, they incorporated, and Connor Family Amusements was born. Today, the company is under the direction of Kyle Campbell, the founder's grandson, and boasts an array of rides, concessions trailers and games. They've promised to bring rides to fit all ages of fair goers when they come to Villa Grove for Ag Days on Aug. 4-5. *Photo courtesy of Connor Family Amusements.*

A look back at last year's Ag Days

Have a great time at Villa Grove Ag Days! From your friends at
