Check alarm batteries

Now that the time has changed, it's a good time to check the batteries in your smoke detectors and CO detectors. According to the Fire Safety Alliance, a new law took effect in January requiring that alarms with 10-year, sealed batteries be installed in all single or multi-family homes moving forward.

For homes with removable batteries in existing alarms, the sealed batteries are required once the alarms have surpassed their manufactured date. Homes built after 1988 that have hardwired alarms are exempt from the new requirement.

In recent years, the National Fire Prevention Association has reported that three of every five home fire deaths in the U.S. have resulted from non-working smoke detectors. In Illinois, of the 97 fire deaths that occurred in 2021, 70% were the result of non-working smoke detectors.

DAR celebrates centennial

THE CENTENNIAL ANNIVERSARY of the Stephen A. Douglas Chapter, NSDAR was celebrated on March 1 at the Ironhorse Golf Club in Tuscola with a luncheon for fifty DAR members. Twenty-eight chapter members, two DAR Past Chaplin Generals, two Past Illinois State Regents, six Illinois State Organization officers, District 3 Director Debra Sandercock and three chapter regents from District 3 were present to hear the Illinois DAR State Regent Deborah Coe remind us that DAR is not the same as it was when our grandmothers belonged. Her experiences and personal observations show that DAR is now more diverse in membership, more volunteer-minded, more computer-savvy than ever.

REPRESENTING THE MAYOR of Tuscola Dan Kleiss, City Administrator Drew Hoel (right) brought the city's proclamation that March 1 was declared Stephen A. Douglas Chapter of the Daughters of the American Revolution Day.

The Chapter's display, vintage display of 1920's antiques and memorabilia, was a hit with the guests and fun for the members to bring 100-year-old items to show other members.
