### Blood drive in Atwood

Spring is near! As the seasons change, the American Red Cross is reminding the public that the need for blood doesn't take a break. Blood and platelets remain at risk of running low this month. Donors are crucial to helping the Red Cross avoid a blood shortage in the weeks to come.

Donors of all blood types, especially type O donors and platelet donors, are encouraged to make and keep appointments to donate. Book a time to give by visiting [RedCrossBlood.org](https://RedCrossBlood.org), downloading the Red Cross Blood Donor App, or calling 1-800-RED CROSS.

## Arthur to receive ARPA funds for water tower repainting

By Dominik Stallings

The Douglas County Board meeting authorized the use of \$282,300 in American Rescue Plan Act funds (ARPA) for a joint water project with the Village of Arthur. The Board also agreed to an inter-governmental agreement between Douglas County and Arthur for the repair and maintenance of an elevated water tower. The expected cost for the project is approximately \$315,000. Arthur will fund the remaining cost of the project, \$32,700.

According to the ordinance, the water storage tower in Arthur is in need of repair and maintenance as the water tower was last painted in 1996, 26 years ago. The average life span of a water tower paint system is 20 years.

The interior and exterior surfaces of the water tower will be sandblasted and repainted. Currently, the tower has mold and mildew buildup, which is described as an unpleasant visual sight rather than posing any threat to the tower's structural integrity.

The Board also authorized \$110,000 in ARPA funds to purchase air packs and other protective gear for Arthur Fire and Ambulance. The Board agreed to an intragovernmental agreement for the purchase as well.

In other news, the Board authorized an amendment to the Douglas County fiscal year 2023 budget. The amendments include the correct salaries of the State's attorney, \$146,188; public defender, \$131,569; 9-1-1 Administrator, \$60,000.

The budget didn't include items from the Sheriff's Department's budget, including the "Vehicle Diesel/ Gasoline" line item for \$69,000

The budget incorrectly recited insurance premium payments. The correct amount is \$750,000 for general services expenses.

The budget did not include grant money left over for courtroom projects that were completed in the Circuit Clerk's #77 Court Improvements fund. The line was added to reflect the grant's expense of \$60,033.

The budget did not include newly created funds for storage documents. \$25,000 for the Recording Document Storage and \$10,000 for the Vital Records Document Storage.

Douglas County Clerk and Recorder Judi Pollock said the changes could have been done at the end of the fiscal year but chose to do it sooner.

The Board approved the agreement renewal between Douglas County and road commissioners for the maintenance of county roads at the contract price of \$1,600 per mile for one year starting April 1.

The Board also heard from Cultivate Power regarding a potential solar farm near Arcola. According to the company's website, it is a distributed solar and storage platform. Their focus is cultivating land into distributable renewable energy projects and ensuring that the projects benefit local communities.
