

What are you most proud of during your time at TCHS, and why?

I am most proud of how my last cheer season ended. We were cheering on our boys at the State Farm Center at the state competition. It just felt amazing because we had been watching and cheering on our boys since we were in 7th and 8th grade. I was proud that our basketball boys and cheerleaders were finally being appreciated.

What is your favorite memory of TCHS?

My favorite memory of TCHS was Junior year in Mrs. Lareau's class. We were acting out a conversation between political figures from World War 2. Claire, Zachary, and Ben were standing in the front of the room acting this out and Ben was talking in a funny accent. He was supposed to read his line but got the words mixed up and in a funny accent he said, "Harbors make me harder." The whole class started laughing until we cried, and I will never forget it.

Who was the most influential person throughout your high school career, and why?

The most influential person throughout my high school experience has been Mrs. Hoel. She has not only taught me how to be a great writer, but she has also taught me how to use writing as a form of therapy to get through tough times. No matter how busy her personal schedule is she is always trying to make sure our high school experience is unforgettable. I will never forget her and her smiling face that often tells me to stop talking.
