Family history of cancer – No cancer found
Prostate cancer screening

For My Friend

You're more important than you know.

You touch lives. You give smiles. You are someone's favorite person. Your health matters.

When Ron's friend was diagnosed with prostate cancer, it was a wake-up call for Ron. With encouragement from his friends, Ron was screened for prostate cancer and fortunately, no cancer was detected. By taking his health in his own hands, Ron gained peace of mind knowing he has a healthy, happy future ahead of him.

Four out of 10 adults will develop cancer in their lifetime, but screening tests can catch cancer early and help save lives. Give yourself and those who love you peace of mind, schedule a routine cancer screening and take control of your health today.

To see Ron's story and to learn which cancer screenings might be right for you and to schedule an appointment, visit [getscreenednow.com](https://www.getscreenednow.com) or call 314-310-7574.

For the lives you touch.
