

Spud Souvenir Shop/Information Booth Is A Must See

There are many moving parts and positions to consider when planning an event as huge as Potato Days. A celebration this size takes many people ... it takes a village of helpers to step up and commit to doing the work to make this special weekend another historic Potato Days!

Mari Peterson is one of these many people. Last year, after helping Elaine Austin for a number of years, Mari is chair of the Souvenir Shop which also, effective this year, is incorporating the Information Booth.

Now the location at 124 Front Street South will be officially the Souvenir Shop and Information Booth for Potato Days which run August 23 – 24, 2024. The Shop will be open from 8:00 a.m. to 8:00 p.m. those days and by appointment.

The Souvenir Shop will continue selling the specialty potato items they have in the past. The storefront on Front Street is easy to find and right near all the action of the Main Stage where acts continue throughout the two-

day celebration.

Peterson has 40 slots to fill in getting helpers to man the Souvenir Shop/Information Booth for Potato Days. The slots are one hour in duration during Potato Days.

Buying a Potato Days Souvenir is a good way to remember all the fun one has while attending the events at the Potato Days Festival. And where better to get a Potato Days souvenir than at their office at 124 Front Street South. Come shop in air conditioning.
