

Hello,
My name is Thaddeus Laugisch,
(Tha-dee-us) / (L-owl-gish)

My name may be unfamiliar, so I wanted to introduce myself with answers to the most common questions...

Who I am in one word....Resourceful.

Who am I in a few...A Husband, Father of two girls, 16-year Designer and Safety Director for a general contractor in the local Ag industry, and an established Artist behind the name, Glassology (by, -t.)

Why am I running...I'm tired of the banter each election cycle, while projects we need get delayed. I want to work using my 16-year experience in problem solving to create fiscally responsible solutions to regain access to the care and service we need.

Bring back the 'fun' and celebrate our traditions
