## BUILT ON THE ROCK

By Gary Toole, The Christian Way Ministries

When will man ever learn to read and study God's word? Folks that follow the Bible don't go as bad wrong as others that don't follow it. The Bible tells us how to avoid a lot of misery and trouble, if we would just follow it.

So much flooding and washing folks homes away and for thousands of years, it has been in the Bible about the man that built his house on the sand and it washed away. If I was a betting man of which I'm not, then I would bet you that he built it in the valley too. If he was silly enough to build it on sand, then why not go overboard with it and put it in the valley, so when the storms come and the water his house gets flooded and washes away.

But then a wise man built his house on the rock, the Bible says. And I will guarantee you he built it on a high hill too. He was wise,

not stupid!

It's sort of like the fairy tale about the three little pigs and two of them built a straw house and a mud house. I guess it was. It's been so long since I was a young'n in school that I have forgotten, but anyway I do remember that one very wise little piggy built a house of stone. You can rest assured that it was built on rock. So the old wolf couldn't blow his away like he did the other pigs.

So, a wise man builds on a hill and on the rock. Our house is built on rock. Not just a rock foundation, but beneath our house is deep, thick lime rock. Don't let the word lime throw you, because it is hard.

So it is with our lives. Stand on the rock, Christ Jesus, because everything else in life is sinking sand. Look to the hills from whence cometh our help the Word says. Our help comes from the

Gary Toole, The Christian Way Ministries

Lord. Build your life on a hill and on the rock. Don't build on the sand and in a valley, because you'll be washed away, when the first storm in your life comes. Can you say amen?
