A message from Congressman Austin Scott

Recently, the House passed critical bipartisan aid for Israel, Taiwan, and Ukraine with my support.

America is a beacon of freedom and democracy, and we must support those being unjustly attacked or threatened by our adversaries.

As always, my staff and I are here to help. If you need assistance with a federal agency or have comments or concerns to share with me, please do not hesitate to call my Warner Robins, Tifton, or Washington, D.C. offices.

Sincerely,

Austin Scott
Member of Congress

Demanding Answers from USPS

It is past time for the USPS to fix their systemic issues and deliver the quality service that rural Georgians deserve and depend on.

I joined the Georgia Republican delegation in sending a letter to Postmaster General DeJoy demanding answers for the unacceptable delays that our constituents are experiencing in getting their mail.

Introducing the Ensuring Access to Risk Management Act

As the Chairman of the House Agriculture Subcommittee with jurisdiction over Federal Crop Insurance, I'm pleased to introduce the Ensuring Access to Risk Management Act along with Representatives Jimmy Panetta and Tracey Mann.

This legislation corrects a current flaw that cuts risk management delivery funding for specialty crops whenever larger row crops experience higher commodity prices. It also restores the annual inflation adjustment for risk management delivery funding for all crops.

Agriculture in Georgia is very diverse, and this legislation is designed to ensure that the infrastructure delivering our producers' most important safety net is on solid ground.
