## Greif committee organizes Easter basket donation project for local foster children

Members of Greif's Safety Committee in Homerville recently came together to support local children in foster care by organizing an Easter basket donation project. Led by Tish Rodriguez and Virginia Gonzalez, the team collected and organized items to fill Easter baskets for 29 children in the surrounding community.

Thanks to the generosity of Greif colleagues, a wide variety of much-needed and thoughtful items were donated, including diapers, wipes, socks, underwear, deodorant, body wash, gift cards, toys, LEGO sets, baskets, coloring books, and clothing. These contributions not only helped meet essential needs but also brought joy and encouragement to children during the Easter season.

The idea for the community service project was first suggested by Tish Rodriguez, with Virginia Gonzalez quickly stepping in to help organize and launch the effort. Reflecting on the project's success, Virginia shared, "It was a collective effort by everyone."

Pictured above and below are Greif employees preparing and posing with the Easter baskets they donated.

She expressed surprise at the overwhelming support and enthusiasm and noted that she looks forward to participating in future initiatives.

Tish expressed her gratitude to all who contributed, thanking them for their support and

generosity in making the project such a success. She shared two quotes that inspire her every day and reflect the spirit behind the initiative:

"You must be the change you wish to see in the world." — Mahatma Gandhi

"We rise by lifting others." — Robert G. Ingersoll

Through teamwork and compassion, the Greif Homerville team demonstrated the power of giving back and making a positive impact within the community.
