 P.O. Box 156
 Argyle, GA 31623
 OR put in drop box at the door of Argyle City Hall.
 No bids will be accepted after **June 11 at 6 p.m.**

Greif achieves first ISO 9001:2015 certification

On April 3, Greif-Homer-ville, GA proudly achieved its first ISO 9001:2015 certification, marking a significant milestone in the facility's commitment to quality excellence.

Preparation for this achievement began in late June 2023 and included nearly three years of dedicated effort and collaboration by the Quality team, including Allen Jones, Quality Manager, and Valerie Hernandez, Quality Coordinator.

The certification process cul-

minated in a successful week-long audit, demonstrating the team's strong focus on continuous improvement, operational efficiency, and customer satisfaction.

ISO, or the International Organization for Standardization, sets globally recognized standards that help organizations consistently deliver high-quality products and services while meeting both customer and regulatory requirements through an effective Quality

Management System.

Achieving ISO 9001:2015 certification not only strengthens customer confidence but also supports Greif Homer-ville's ongoing efforts to enhance internal processes and ensure the consistent production of high-quality products in the most efficient way possible.

Cale Davis, Plant Manager, expressed great pride in the Homerville team's commitment to quality, customer satisfaction, and strong teamwork.

Clinch County Board of Commissioners Solid Waste Collections Office Past Due Bills as of May 29, 2026
