Austin Palmer

“Austin is one of the best all-around students I’ve ever taught. He is a great leader with an excellent work ethic. He has been a part of our SkillsUSA chapter each year and was chosen by his peers to serve one year as the president of our SkillsUSA chapter. Austin also won district competition three years in a row and state championships twice while he served on the opening and closing team. I have full confidence that Austin will go forward in life and do an awesome job at whatever he pursues as a career. I am proud of the man he is becoming and am honored that he chose me as his Hall of Fame teacher. ‘Palmer’ is a legend.”

Harper James

“Harper is such a kind, compassionate and caring young lady. She is always willing to help everyone who asks. She is a friend to all and has such a big heart. Her positivity and steady leadership brighten every classroom she enters. She will be a great success at whatever she does. Harper is truly what a member of the Hall of Fame should be.”

Riley Kate Byrd

“Riley Kate is the student every teacher longs to have sitting in his or her classroom. She lives out her faith daily through her kindness, compassion and genuine care for those around her. Her gentle spirit and willingness to serve others reflect a deep and sincere love for Christ. In addition to her strong moral character, Riley Kate approaches her studies with excellence and a true passion for learning. Her curiosity, diligence and joyful attitude inspire everyone in the classroom. Riley Kate is a shining example of what it means to live with both genuineness and grace. She has made her middle school teacher so proud. Once my kid, always my kid!”

consistently shown kindness, curiosity and a genuine love for learning. He has always approached every task with enthusiasm and determination. Graham has always been an encouraging person who is not ashamed to share the love of Jesus with those he comes

in contact with daily. His bright smile, caring heart and strong character make him an exceptional student. I am thankful he is a part of my life, and I wish him continued success in all that he does in life.”

Graham Breland

“To know Graham is to love him. I have had the privilege of knowing Graham all his life. In school he was always the kind and respectable student that every teacher wanted in their class. From his very first days in kindergarten and first grade, (which I had the privilege and honor of teaching him in both), Graham has

Jase Mathews

“Jase embodies everything a Hall of Fame student should represent. He has a remarkable work ethic that extends far beyond the athletic field. Jase strives to do his best not only in his schoolwork, but also in the way he carries himself in the community. He has always been a respectful young man since the day I met him, and all the attention and recognition he has deservedly received over the past three years have not changed that one bit. I have no doubt that Jase will go on to do great things with the talents God has given him as he continues to represent Greene County High School and all the people who have poured into his life. We are all very proud of him.”

Caroline Holder

“Caroline is the type of student every teacher hopes to have in class. She’s mentally sharp, intelligent and has a wonderful gift for using words in a quick, inventive and often humorous way – and she knows exactly what I mean. Every time I see her, whether in class or passing in the hall, she never fails to make me smile. My only regret from these past four years is that I didn’t get the chance to teach her every year. Caroline, you will go far, and may God bless you on your journey ahead.”

Jacie Ethridge

“It has been an honor watching Jacie grown into the young woman she has become. I can always count on her happy disposition (unless it is time for a therapy session). Jacie is a beautiful person, inside and out. She has more confidence and perseverance than most people her age, but above all, she has faith that can move mountains, and I am so proud of everything she stands for.”
